

DFWLRC 2026 Health Clinic Registration available NOW!

DFWLRC Health Clinic Contact<dfwlr.health@gmail.com>

dfwlr.health@gmail.com

We are pleased to announce that DFWLRC will be holding our annual All-Breed health clinic on Saturday June 27th in Venus, Texas (same location as 2024 and 2025). This clinic is intended for wellness/screening exams for healthy animals. If you suspect an issue with your dog, please see your regular veterinarian.

We will again have the same providers performing eye exams, echocardiograms, radiographs and OFA Dentition, Patellas and Thyroid testing without sedation at the Back in Motion Integrative Veterinary Services clinic in Venus (near Burluson) Texas, owned by Dr Tifani Torres. The clinic officially opens May 15th.

Dr. Tifani Torres, DVM is PennHip certified and can offer sedation during normal business hours but will only be doing films without sedation at the clinic. Cost is \$340 for hips and elbows, or \$215 for just hips or \$275 for just elbows. **Owners will NOT be allowed in the radiology suite under any circumstances** and due to clinic time constraints Dr. Torres may not be available to consult with clients during the clinic. Images will be submitted to OFA by Dr. Torres and owners can receive copies of films via email. Dr Torres will also perform OFA Patella and Dentition exams and pull blood for thyroid testing and additional services may be requested. She's certified in chiropractic, acupuncture and in Companion Animal Rehabilitation— her purpose-built clinic has an underwater treadmill too—she is an amazing vet and her clinic and staff are fabulous!

We are pleased that Dr. Sonya G. Gordon, DVM, DVSc, Diplomat ACVIM, Professor of Cardiology and Eugene Ch'en Chair in Cardiology, Texas A&M University College of Veterinary Medicine and Biomedical Science is coming up from TAMU to perform Advanced Cardiac assessments for \$260, which is a great price! Dr. Gordon will provide a full report for you as well as the paper OFA forms to send in. Auscultations may be scheduled for \$60 each, and Basic Cardiac forms will be completed for your submission, however, if a murmur is detected, we will not be able to perform an echocardiogram on the same day.

Dr. Brian Cichocki, DVM, DAVCO is our local ophthalmologist for annual eye exams at just \$45 per dog. He will again be reporting using OFA online forms to streamline the clinic and all registrants will need to set up an online account and enter dogs' information at www.online.ofa.org and then Dr. C will complete the exam and document findings online. This makes the whole process very easy and makes submission even easier. We will send more information to those who register, but if you need help, please contact us at dfwlr.health@gmail.com

The clinic has several exam rooms and each doctor will have his/her own area and scheduling will be performed such that dogs' assessments will be grouped by owner, in a logical manner. The clinic is in a safe and secluded location—it may be hot, so we ask that you check in upon arrival and then return to your car and we will send someone to dilate eyes at your vehicle (if eye exams are scheduled) and then let you when it's your turn, much like the 'pandemic days'!

Pre-registration and pre-payment is required for all testing via our [JotForm](#) which will also be on the website. NO REFUNDS will be issued. If you cannot make it and wish to transfer your slot to another person, please let us know. The event has an OFA Clinic code so all submissions to OFA will be discounted with our code as well.

Please feel free to share this flyer with owners of other breeds (no giant breeds without permission from the provider). Invoices will generally be sent within a couple days, but scheduling will not start until June 10th, so please get your information in as soon as possible. Please remember we are all volunteers and strive to keep the clinic running smoothly and need everyone to be on time. If scheduling allows for walk-ins for eye exams on the day of the clinic we will post on Facebook, however an extra \$10 fee per dog will be added, and all payments must be in cash. DFWLRC will be having our Annual Club meeting at lunch time so those who plan to attend, please let us know for scheduling.
